

SCE Outage Center Street Light Outage Guide

A street light outage can be reported on online, mobile device or calling SCE directly. Once you complete your street light outage problem, a confirmation number will be provided. You can use the confirmation number to check the status of your outage

Access SCE Outage Center from Your PC

At the SCE Outage Center, you can quickly report a street light outage using your PC:

1. Log on to www.sce.com/outagecenter to get started.

The screenshot shows the SCE Outage Center website. At the top, there is a navigation bar with the SCE logo, links for 'Pay Your Bill', 'Turn On/Turn Off Service', 'Outage Center', 'Your Safety', and 'Contact Us'. On the right, there are links for 'Log In', 'Register', and 'Saved Items', along with language options: 'ESPAÑOL', '한국어', '中文', and 'Tiếng Việt'. A search bar is also present.

The main content area is titled 'The Outage Center' and includes a breadcrumb trail 'Home > Outage Center'. Below the title, there are three main sections:

- Report an Outage:** A section with a flashlight icon. Text: 'You can report a power outage occurring at your home or business. To make a report over the phone call us at 1-800-611-1911. Get Started >'
- Report a Street Light Outage:** A section with a street light icon. Text: 'You can also report street light outages. Please report one street light problem for each request submitted. To report your outage over the phone call us at 1-800-611-1911. Get Started >'
- Search for an Outage:** A section with a map icon. Text: 'Search for an outage by Zip Code or planned/maintenance outage number. Search for an Outage > Check the Outage Map for current outages in your neighborhood. View the Outage Map >'

On the left side of the page, there is a sidebar with 'Outage Tools' and 'Outage Center' links. The 'Outage Tools' section includes icons and links for 'Outage Map', 'Outage Search', and 'Report An Outage'. There is also a promotional banner for a mobile app: 'Check on outages from your mobile. Download Now. Available on the App Store and Google play'.

2. Find the **Report a Street Light Outage** section in the Outage Center and click *Get Started* to complete your request.

Help

If you've had problems with your power for more than a few minutes, please let us know. Reporting the outage online is fast and easy. You can also call SCE at 1-800-611-1911.

> Report an Outage

Street Light Outage

Electricity Can Be Dangerous.

When there is a power problem, leave it to the experts to resolve. Never investigate the source of a power problem on your own. If you see a fallen wire, stay away and call 9-1-1 right away.

Step 1 Describe Outage

Step 2 Setup Notification

Step 3 Confirmation

Describe the street light problem REPORT AN OUTAGE IN YOUR HOME OR BUSINESS ▶

You can report problems with street lights here. Please respond to the questions below, and describe the location as accurately as possible. Please only report one street light problem for each request submitted. You can also report this problem by calling us at 1-800-611-1911.

Contact Information *

In case we have further questions, please tell us how to contact you. This information will not be used for any other purpose.

First Name* Last Name* Phone Number*

What is the status of the street light? Off Flickering Stays On

Is there visible damage to the light or pole? * Yes No

If yes, please describe the damage (50 character limit)

Enter Pole Number if known

Tell us the location of the problem.

Repairs are made during daylight hours when all street lights are off. Specific location details ("light in front of red house," "light on SE corner of...") assist our employees in locating the street light for a timely repair. For street name, enter name only. For example, enter Main for North Main St.

Location *

Street Number Street Name* Apt/Unit

City* Zip*

Nearest Cross Street*

Description Of Location (120 character limit) Landmarks, Special identifiers (gated community gate codes) Etc. Please do not use this space for pole numbers.
