

PROP A FUNDS

In November, 1980, the voters of Los Angeles County approved Proposition A, which increased the sales tax 1/2¢ to fund public transportation in the County. A portion of this revenue is returned to cities to be used for public transit purposes. The City of Westlake Village uses these funds to provide the dial-a-ride service to seniors and transit handicapped in the City.

County portion of Westlake Village only) who are 60 years of age or older and those who are unable to drive due to a disability which qualifies for a California Department of Motor Vehicles disabled permit. Riders are limited to 50 trips per month, with each leg of a round trip counting as one trip. Total subsidized cost for each rider is limited to \$250 per month.

HOW IT WORKS

Riders call MV Transportation at 707-2900 for service. Allow up to 30 minutes for pick-up. Tell the driver that you are participating in the Westlake Village Dial-A-Ride. The driver will provide an estimate of the distance to your destination. Arrangements for a return trip can be made at that time.

SERVICE AREA

Trips must commence or terminate within the City's boundaries. The subsidized fare is charged for any trips entirely within the City of Westlake Village or to the Goebel Senior Center, Thousand Oaks Library, Fitzgerald House, Social Security office, Conejo Valley YMCA, Thousand Oaks Mall, Janss Mall, Transportation Center or medical offices in Agoura Hills and Thousand Oaks. For other trips outside the City of Westlake Village, riders are responsible for the additional full fare for mileage exceeding 4 miles.

FARES

Cost to the rider (or group of riders) is 50¢ per one-way trip. Ridesharing is encouraged. Since fares are charged per trip, the cost per person decreases when people share a ride. The charge for a same day round trip is 75¢ if the round trip is requested when the call is first made. If the trip is outside the City of Westlake Village and not to one of the eligible locations, the rider will be responsible for the full cost of the additional mileage beyond 4 miles, which is \$2.00 per mile.
