

COVID-19 Information Hub

The City of Westlake Village has launched an information hub related to COVID-19. Visit www.wlv.org and click on "COVID-19 Information Hub" to view daily updates on important information, community support programs, Public Health orders and more. Residents can also sign up for the City's primary emergency notification system on the information page. For questions please contact City Hall at (818) 706-1613.

Virtual Recreation Center

Looking for free online workouts and activities for home? Check out the City's Virtual Recreation Center located under the Services tab of the City's COVID-19 Information Hub, or type in www.wlv.org/virtualrec to be re-directed to the webpage.

The Virtual Recreation Center hosts many resources and links to at-home activities. View free workout videos for all ages and fitness levels. Take a virtual tour of a museum, aquarium, or national park. Learn how to speak a new language or take online cooking classes. There is something for everyone!

If you have any suggestions of other great resources you'd like to see listed on our Virtual Recreation Center, just email Community Services Coordinator Taylor Pineda at taylor@wlv.org or call (818) 706-1613.

Right at HOME IN WESTLAKE VILLAGE

The City wants to know how you're staying optimistic. Share your positive moments by tagging us on Facebook and telling us how you're **#RightAtHomeInWLV**.

Status of City Events

In efforts to continue limiting the spread of COVID-19 and in light of uncertainty over the timing for returning to regular activities, the Westlake Village City Council made the difficult decision to cancel all summer special events and concerts. These programs include:

- Summer Concerts in The Park
- TGIF Events
- All 4th of July activities including parade, park festivities, and fireworks show
- Summer Trolley program

However, staff will continue to work on new ideas and activities to keep the community connected this summer. For more information please visit our website at www.wlv.org under Special Events or contact City Hall at (818) 706-1613.

Locally powered energy innovation.

The City of Westlake Village is proud to announce our community will soon enjoy the advantages of clean power at competitive rates! Starting in June 2020, Clean Power Alliance will be the new electricity provider for residents and businesses in Westlake Village.

Clean Power Alliance is comprised of 32 public agencies, including Westlake Village, across Los Angeles and Ventura counties working together to bring clean energy choices to our communities. Residents and businesses in our community will be enrolled into the Clean Power Alliance's competitively priced Lean Power rate option. Southern California Edison (SCE) will continue to deliver power, send your bill, and be responsible for resolving any electricity service issues.

Clean Power Alliance offers three rate options designed to suit the diverse needs of our community, all of which provide high renewable content at a competitive price. Read more about rate options at www.cleanpoweralliance.org/compare.

You will receive four notices via mail with instructions on how to choose between the different rate options along with customer support information. You can also opt out and your electricity generation charges will remain with SCE, but we hope you will explore your new choices for renewable power.

Learn more by visiting www.cleanpoweralliance.org, emailing customerservice@cleanpoweralliance.org, or by calling 888-585-3788.

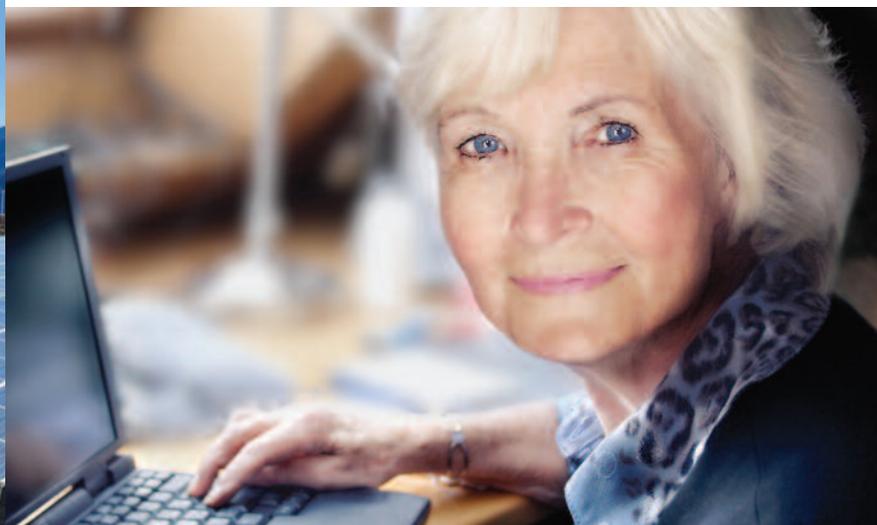

Your City and our partner agencies continue to work every day to provide essential services and respond to residents' needs during the Coronavirus crisis. For now, we need to stay vigilant. It is critical that people stay home and only leave for necessary and essential services, such as food and medicine or getting some exercise while maintaining physical distancing. We thank everyone for doing their part in these difficult times. The LA County Department of Public Health's current Public Health Order is to stay at home through May 15. During the month of May, we will receive new direction from the LA County Department of Public Health, as our community and region begins to slowly and responsibly re-open our local economy. Please visit our website often at www.WLV.org to stay informed, as we work together as a community to safely get through this crisis.

Community Tech Help Club – Now Offering Free Virtual Sessions!

Formerly known as the Senior Genius Club, this program aims to provide free technological help to the community. The program is traditionally held twice a month at the Agoura High School Media Center, but it will now be offered virtually through Zoom meetings. Work with tech-savvy students ready to answer your questions.

Signing up is easy! Just email Agoura High School Media Clerk Amber Smart at asmart@lvusd.org and inquire about scheduling an appointment on one of the upcoming dates. Twenty-minute appointments are available between 3:30 p.m. and 5:30 p.m. on the following dates: May 5 and May 19.

This program is jointly sponsored by the Cities of Westlake Village and Agoura Hills. For more information visit www.wlv.org/communitytechhelp or email Agoura HS Media Clerk Amber Smart at asmart@lvusd.org.

E-Waste and Household Hazardous Waste

Cleaning out the house during quarantine? Do you have any household hazardous waste or E-waste you'd like to get rid of? Free collections of household hazardous waste are every 4th Wednesday of the month. Items are picked-up from your house on a first-come, first-serve basis.

Don't know what items might be considered hazardous waste? Any questions regarding recycling, trash disposal and different kinds of waste can be directed to Waste Management. Call or make a collection appointment at (800) 579-4979 or email staff@recyclinginwestlake.com.

CITY COUNCIL

MAYOR	KELLY HONIG
MAYOR PRO TEM	SUSAN MCSWEENEY
COUNCILMEMBER	BRAD HALPERN
COUNCILMEMBER	RAY PEARL
COUNCILMEMBER	NED E DAVIS

Upcoming Special City Council Meetings.

May 13 and 27, 2020

City Council meetings can be seen live on WTV Channel 10 and via web streaming on www.WLV.org.

Recycling -

What can really go in the bin?

Recycling is an important part of protecting the environment, that is why it is important to understand some common misconceptions about what can and cannot be thrown in the recycling bin. While clean metal, glass and paper are the most common recycled materials, there are some surprising items that are not able to be recycled in the bin. Items such as dirty paper towels, dirty napkins, dirty plastic wrap, or any items with food on them cannot be recycled and need to be cleaned or placed in a trash receptacle. Additionally, while trash bags are acceptable, the smaller, single use plastic bags with items inside them are not. For more information on items that can or cannot be placed in the recycling bin, please visit the Waste Management website: www.wm.com/thinkgreen/what-can-i-recycle, or call the City's recycling hotline at (800) 579-4979.
